# Summer Flip Floppin'

## FREE PATTERN by Jacquelynne Steves
## For personal use only

Finished Block Size 6" x 6"

Flip flops are summer couture! Do you own a pair to match every outfit in your summer wardrobe? Stitch up a cute block in celebration of the sunny season and our favorite warm weather footwear!

**Requirements**

7" square light colored background fabric

Fabric scraps for appliqued flip flops

Lightweight fusible web for machine applique (I recommend Heat n Bond Lite by Thermoweb)

Thread for machine applique (I recommend Aurifil Cotton 50 wt.)

2- 3/8" buttons

**Instructions**

Trace applique shapes onto paper (non-adhesive) side of fusible web. Cut out the shapes, leaving about 1/8" border around each shape.

Following fusible web manufacturer's instructions, use an iron to fuse shapes to wrong sides of fabrics. Cut out shapes on line and peel off paper backing.

Arrange applique shapes on background fabric, following diagram on next page for placement. Iron in place. Machine applique using matching thread and your favorite applique stitch.

Sew buttons to flower centers.

Trim block to 6 1/2", centering the appliques.
