You have several options for making these blocks. There are options for piecing only, machine/hand applique, or embroidering the blocks. You can:

- Machine or hand applique the motif in the center of the block (image at top right, patterns provided.)
- Hand embroider the motif in the center of the block (patterns provided.)
- Use the white fabric in the center as shown, leave out the applique and use that negative space to showcase some fabulous quilting.
- Use the floral fabric (the same as the border) or a novelty fabric as your block center, and leave out the applique and embroidery (see image at bottom right.)

Finished quilt size approximately 49” x 54”. These are fabric requirements for appliquéd version of the quilt.
If you do the version with just piecing or embroidery, you will have a little fabric leftover.
